## CAREER OBJECTIVE

Passionate about technology and creativity, I strive to build innovative digital solutions as a full-stack developer. With over 4+ years of experience in web and WordPress development and a background in computer science, I bring both technical skill and a creative mindset. I'm eager to grow, collaborate, and make a meaningful impact through problem-solving, user-centered design, and dedication.

## PROJECT

- |  |                           |
|--|---------------------------|
| 1. Discord Server Joining Website                | <a href="#">Live Link</a> |
